

LOU BACHRODT CHEVROLET

DRIVEN BY COMMUNITY.

14 Years of Giving Back.

For the past 14 years, the annual Corvette Show hosted by Lou Bachrodt Chevrolet has been more than a showcase of horsepower and automotive passion—it's been a tradition of giving back.

This year's event continued that tradition with the Corvette Club of South Florida proudly presenting a \$77,000 donation to Joe DiMaggio Children's Hospital.

Over the past 14 years, the show has raised an incredible grand total of more than **\$407,000** for the hospital.

“

The cars bring people together, but helping children and families is what this event is really all about.”

— Craig Tasso

The annual charity event brings together Corvette owners, local families, and community supporters from across South Florida for a day centered around community, passion, and purpose.

Pictured above (L-R): Craig Bachrodt, Craig Tasso, and Lou Bachrodt during the official check presentation benefiting Joe DiMaggio Children's Hospital.

Thank you to everyone who continues to make this event—and this impact—possible year after year.
